

International Astronomy and Astrophysics Competition **For Teachers and Schools**

Inspire and Challenge Students

The International Astronomy and Astrophysics Competition is a great way to sharpen the minds of your students by challenging them with creative astronomy and astrophysics problems and motivating them through friendly competition. The problems can be used as homework or project work as they feature diverse topics and difficulties. IAAC can inspire students to engage in science and provides an opportunity for talented students to expand their skills.

Special School Awards

Schools and teachers with numerous participants and an excellent performance throughout the competition receive special awards. The awards are not connected to a cash prize but are supposed to honour the efforts of the schools and the commitment of individual teachers:

- **1x IAAC School Award for Most Participants:** This award receives the school with the most overall participants in the Qualification Round.
- **1x IAAC School Award for Most Finalists:** This award receives the school with the most overall participants in the Final Round.
- **IAAC School Award for Excellence:** Schools with many outstanding students who have achieved high results throughout the overall competition or have shown particular support for their students while participating receive this award.

Teacher Interface and Online Tools

All teachers can register to access the special IAAC teacher page (Login). This tool enables you to: (i) view the student's results and documents; (ii) cover the Pre-Final registration costs for a group of students at once; and (iii) to supervise the Final Round exam. You can register as a teacher on this page: [Registration](#)

Further Information

If you are interested in implementing an IAAC group in your school or using the IAAC problems for your curriculum or as project work, do not hesitate to get in touch. You can also find additional materials, flyers, and posters on our official website. You can also find additional materials, flyers, and posters on our official website as well as more information about this year's registration costs of the pre-final round:
